

**CAPACITY BUILDING PROGRAMME  
ORGANISED BY  
CENTRAL BOARD OF SECONDARY EDUCATION**

---

**A REPORT**

Resource persons were Principals of renowned schools. Name of one of them was Ms. Rita Taneja from SVM School Jaipur.

There were 70 teachers from different schools of Kota Region.

On August 11 and August 12, 2017. Mr. Uttam Chatterjee, Vice Principal of Pallavan School – Jhalawar, Rajasthan attended two days CAPACITY BUILDING WORKSHOP, to empower teachers to meet the needs of the children and prepare for new challenges in keeping learners engaged in learning the needful out of all the information freely available on the internet and other media.

The main topics of the workshop were :

- (i) Classroom Management
- (ii) Purpose of Classroom Management
- (iii) Importance of Classroom Management
- (iv) Factors affecting Classroom Management
- (v) Content Management
- (vi) Conduct Management
- (vii) Instructional Management
- (viii) Catering to different Learning Styles
- (ix) Adopting different teaching styles.
- (x) Seating Arrangement
- (xi) Time Management
- (xii) Motivation and reinforcement
- (xiii) Behavioral Management / Assertive Behave.
- (xiv) Applying life skills
- (xv) Managing large classroom.
- (xvi) Evaluation.
- (xvii) Keeping spirit of CCE alive.

There were various assessments and introspective assignments being conducted during the two days workshop which had made the purpose of the workshop served.

Teachers expressed their thanks to the schools, education system, resource person and CBSE for providing this eye opening workshop for all, after which teachers are expected to disseminate the knowledge and culture where ever they work or with whoever they communicate to.

It was a holistic training session in which teachers interacted in groups as well as individually to share their best skills for which they are known. They discussed problems as well as the solutions. There were sessions in which ideas coming from the participants' side were appreciated and refined to suit the present scenario. Lots of brain storming happened to land up to the conclusions and deduce the facts intended to be learnt.

The group of teachers was provided with various situations to demonstrate a role play of real problem situation with contrasting scene revealing the solution of the problem too.

During the two days workshop teachers of various school discussed common problems and challenges they face. They effectively took away the ready solutions to the problems and it's expected that these specially trained teachers will bring observable positive changes, wherever they would work.
