

A dental camp on Oral Hygiene was organized for the students of grade VI to XI on July 1<sup>st</sup> and 2<sup>nd</sup> by Dr. Rashid Khan. The dentist did a complete oral check for each individual student. At the end of the session, he educated students on “The Teeth” and discussed the basics of oral hygiene such as proper brushing technique, cavity, mouthwash, tongue cleaning, flossing, dietary habits and how to establish routine dental care process.
