

Education and competitions are very closely related as competitions are put in education for the development of educational skills. Indeed, without competitions, we cannot imagine education.

Quizzes are great because they are just what their name suggests. An Inter House Social Science Quiz Competition was organized on November 28, 2016 for classes of IX and X. Total six rounds were there. In between different rounds there were few questions for audience. There were two rounds in the competition in which five questions were asked from each team. Finally, at last Green House got the first position and Red House got the second position. All the participants exhibited great amount of fervor and were cheered by the audience.
