

A workshop on cashless and digital payment for all the teachers was conducted by Mr. Sudhanshu. He gave information to the teachers regarding the value of cashless economy telling how it can save time. He gave information about how to use UPI, USSD, Aadhar link transfer, E-wallet. This workshop aimed at boosting the knowledge of the teachers and it also gave information about Bhim app which is an initiative by the government of India. This information was given so that they could pass the information to the children. This workshop motivated teachers to work in the digital world and made themselves up to date. This information will also help the parents to enter in the digital word and come out from the arena of old world. That was a wonderful and highly motivated workshop for all the teachers.
